ORDER

Heard Mr.C.K.Karunakaran, Standing Counsel for the K.S.E.Board on the various grounds raised in the Review Petition. The ground which is prominently raised is that the Advocate Commissioner who has been directed to be appointed as per the judgment will not be a technically qualified person and on that reason such an Advocate who is not an expert will not be able to assess the connected loads. Considering the apparent merit noticed in the above ground, I clarify that it will be open to the K.S.E.B. to submit a panel containing the names of three competent retired Engineers who will be able to render useful assistance to the Advocate Commissioner and the Commissioner will select one among them with notice to the writ petitioner. Subject to the above clarification, the Review Petition is disposed of without granting any other reliefs.
